Conditional Use Permit for Road / Driveway, Accessory Structure, Haulout, Stair, Parking located at 367 Bald Head Rd in the Shoreland Zone submitted by Steven Theodore for Peter Speicher. Steven gave a description of the proposed driveway. He indicated that there was a revised plan for the path to the dock. The members of the board then followed the proposed path down to the float. The slope down to the water is fairly steep and several sets of stairs are included in the design. It was noted that the proposed location of the path is located in a depression that appears to drain a portion of the property above.
