2. Minutes of February 6. Roger moved to approve the minutes as amended. Geoff seconded and all voted in favor.
3. Ordinance Changes for Town Meeting.
  - The change to the ordinance to allow removal of non-native invasive species was discussed to clarify how best to designate the locations where it would apply. Two approaches were discussed, listing all of the places where the ordinance change would apply or using a more general statement that would cover all places without a list. It was agreed that a general statement would be preferable to trying to list all instances. Comments were received from the Conservation Commission to the proposed changes and these were reviewed. Wording from Roger's original, changes suggested by Mike K. and comments from Mike Morse of DEP were combined to create a revised version. Roger moved to approve the proposed changes. Geoff seconded and all voted in favor. Roger agreed to edit the proposal.
  - Subdivision Plan Final Approval Revisions to Final Plan. The proposed change was reviewed. Several typos were corrected. It was agreed that this change will be reconsidered at the next meeting.
4. Roger moved to adjourn. Geoff seconded and all voted in favor. The meeting adjourned at 8:45.
