- Software issue – Arrowsic residents were not registered as from our town and were turned away. Zip code?
- To the best of our knowledge all pre-registered residents were able to dispose of their waste at the event.
- This year, the event was full – due the pandemic. Residents were disappointed that they could not register. Possible add a waitlist so folks can be contacted day of.
- Need to be sure that it doesn't happen again
- There was a question about businesses participating, if materials are from the business
- Paul will call Michael Tucker (City of Bath Administrative Assistant) to discuss issues

### **Roadside Cleanup**

- This format seemed to work well – two-week window with sign up managed by ACC
- No data on recycling
- According to ACC -whole town was covered
- Large items pick up was effective

### **Summer Schedule**

- Change to weekly reminder- town notice goes out on Mondays
- First summer day is next Friday

### **Shed Expansion project-**

- Properties Committee has been informed that we would like a swap shed.
- No progress
- Even with Freecycle - Swap shop may serve the purpose of having materials that folks could look things over.

### **Shed News**

- Need a shed apprentice
- Lots of smoke and carbon monoxide detectors
- Recycling sites (ex Whole Food – corks) should be opening up soon with the reduction of Covid restrictions

### **Resident calls-**

- Only about bulky items from roadside clean up
- Issues with HHW
