

# TOWN OF ARROWSIC

## Septic Waste Disposal Fee Reimbursement

The Town of Arrowsic will reimburse residents for the disposal fee when their septic tank is pumped out. The State of Maine recommends pumping your septic tank every two to five years, depending on how heavily the system is used (see note below).

Send a copy of the invoice from the pumper to Town Hall. The invoice must include:

- the name and address of the company that pumped the septic system,
- the date and location of service, and
- the cost of disposal separated from other charges.

A check will be mailed as soon as the reimbursement is approved. Please indicate where the check should be sent.

*Note:* "Ten Tips for Maintaining Your Septic System" can be found online at <http://www.maine.gov/dhhs/mecdc/environmental-health/plumb/top-ten-tips.htm>
