Report on meeting with MDOT in Woolwich:

Eloise Vitelli set up a meeting with MDOT regarding the intersection of Rte 127 and Rte 1. Sukey attended the meeting, as well as 3 people from the DOT, 3 selectmen from Woolwich and John Woods. MDOT has started a safety audit requested by a bicycling coalition, this will be followed by a traffic analysis. There will be another meeting after the safety audit.

Michele pointed out that there should not be any signs north of the intersection, e.g. political signs at the intersection, they add to the obstruction of vision while merging.

Ken Gunston expressed concern about the vegetation which blocks visibility at the intersection of Field Rd and Rte 127.. Sukey will check with Jim Stump to see if the Town or the State is responsible for mowing.

Mail:

Chris Cummings will receive the Level 3 Certification on October 1st from the Maine Fire Chiefs Association. We need to publicize this when he receives the award.

Other:

Sukey is going to investigate to find out if there are any alternatives to the internet service currently available here in Arrowsic.

6:55 PM.

Respectfully submitted,
