*Bill spoke on behalf of the Select Board, stating that the Board recognizes the need for a new mini pumper, they however, felt the need for a process to review the needs of the fire department and did not follow the recommendation of Fire Chief Chris Cummings and instead formed an 8 person Ad hoc Committee to investigate the long term needs of the Fire Department.*

*Fire Chief Chris Cummings spoke to the needs of the Fire Department. He expounded on the need for a new mini pumper since the current mini pumper is very old and in need of repairs. The mini pumper is currently out of service since it is in need of repair.*

*Malcolm Persen spoke on behalf of the Ad Hoc Arrowsic Fire Department Committee. It is an 8 person committee who are serving for a one year term. The committee currently meets every two weeks and will present their proposals to the Selectmen at the end of the year. The committee is asking for input from the residents who are welcome to attend the meetings.*

*Residents comments and questions: Chip Krantz asked if the fire department had also looked at used mini pumpers. Chris responded that yes they had, but it is difficult to find one that fits our specific needs. Phil Favro asked if this is the first line of attack? Is this a main piece of equipment. Chris replied that yes it is. Phil also asked which apparatus responds the most? Chris replied that the tanker and the mini pumper are both used equally. Jeremy Blaiklock stated that we also do Mutual Aid and the mini pumper is ~~the equipment that is vital to~~ requested by Georgetown for Mutual Aid. Fred Hill asked how much money we have in surplus. The Board replied that we have \$350,000 and they like to keep about \$250,000 on hand before tax money starts coming in in November. Tim Harkins asked – if mini pumper breaks down, do any surrounding communities have a mini pumper to help us out? Chris replied that Phippsburg has a similar one (they use it for brush fires). Ken Hnottavange-Tellen – Are monies exchanged with Mutual Aid? Chris - Since we provide Mutual Aid, we don't have to pay Bath or any other towns. We also don't charge other towns. Paul Schlein asked – don't we have to repair it now anyways? Chris – we have Mutual Aid agreement to help us out. Jim Davis – would we be*

financing or paying cash? Bill Savedoff replied that Arrowsic has ~~doesn't not borrowed in the past. borrow money.~~ Although we could. Otherwise, we ~~would~~ have to increase taxes 9% for two years. ~~and build up the capital fund.~~

**Art. 10.** To see if the Town will vote to appropriate any unexpended Fire Department operating expenses remaining at the end of the fiscal year into the Fire Department Capital Improvement Fund for this and subsequent years.

Don Kornrumph asked - if this does not happen does the \$40,000 go in the general fund? Bill replies that the quick answer is yes. Mary McDonald stated the funds have to then be approved at Town Meeting or a Special Town Meeting. Millie Stafford asked – how much do we have in surplus? Mary replied that we have approximately \$350,000 in surplus. Paul Schlein asked – what % total monies should surplus be? Mary replied that according to MMA it should be equivalent to 3 months of expenditures.*
