- Sagadahoc County Emergency Management Agency, Ashley Day:

They are filling out the 2027 Sagadahoc County Hazard Mitigation Plan, which is done every 5 years. She left us three forms to be filled out so that in the future we may be able to qualify for Federal emergency relief funds. One form requires a listing of potential projects that may mitigate the impact of future emergencies. The Select Board will consider the documents and fill them out.
- Kenny Bassett: questions about 127 painting project on Max Wilder Bridge. He needs to get an oversized load across the bridge and didn't feel that he had sufficient knowledge of the timing and limitations of the project. The Select Board discussed with him options for addressing the issue.
